

AHNTECH VTX-SUPER
AFTER 5 MONTHS
 @ Jalan Kuantan Bypass
 Pahang Darul Makmur

Dry Or Wet Conditions

FIBER REINFORCED ALL WEATHER COLD MIX ASPHALT

An **all-weather pothole patching material** engineered to deliver high performance repair work, in both **wet and dry conditions**.

Specially formulated with mineral oil, our product boasts **better workability** than conventional cold mix asphalt, hence **eliminating the need for tack coat**. No modifications to normal installation and compaction practices is required.

AHNTECH VTX-SUPER is reinforced with a high tensile synthetic fiber blend, aimed to increase strength and durability.

Packaging	25kg per pail.
Coverage	Approximately 0.2m ² - 0.25m ² at 50mm depth compacted.
Shelf Life	Min. of 6 months after production date (sealed products).

ADVANTAGES

- ✓ ALL WEATHER
- ✓ COST EFFECTIVE
- ✓ ARAMID FIBER TECH
- ✓ STRONG & DURABLE
- ✓ EASY & QUICK INSTALLATION
- ✓ NO TACK COAT
- ✓ IMMEDIATE TRAFFIC ACCESS
